Dear Jason,

Re: Inuvik Airport Drainage Project – Traditional Land Use Study Approved

The Gwich'in Land and Water Board (Board) met on November 21, 2024, and considered Traditional Land Use Study V.1.0 (the Study)¹ which was submitted by GNWT Department of Infrastructure on July 30, 2024, as required by Licence G23L8-002, for the Inuvik Airport Drainage Improvement Project.²

The Study was circulated for public review on August 7, 2024.³ No concerns regarding the Study were submitted to the Board during the review period. The Board has determined that the Study meets the requirements of Part B, Condition 23 of the Licence. The Board hereby approves Traditional Land Use Study V.1.0 as submitted.

Please direct written questions or concerns regarding this letter to GLWB Executive Director Leonard DeBastien.

Yours sincerely,

Elizabeth Wright
Chair, Gwich'in Land and Water Board
