Hi Stacey,

I can give you two more work days - September 29. I need to have the package complete by the following day, so I can't give you much more than that.

Thanks,
Anne

Hi Anne,

Please update me on the status of the extension. I am working on the file and trying to finish it within the timelines, but I would like an extra couple of days to allow my experts some extra time to review.

Thank you,

Stacey L. Lambert, B.Sc., B.A.

Hi Stacey,

Can you let me know what length of extension you are seeking? I am unfortunately on a tight timeline with these applications because of scheduled board meeting dates.

Anne
