Hello Frank and Sonya,

Following up on various calls and email correspondence this week regarding claims for water compensation in relation to the Giant Mine Remediation Project (GMRP), I'm writing to provide direction on the filing of Claims.

If members of the Great Slave Yacht Club wish to file a Claim with the MVLWB (also referred to as "the Board") they must do so by the September 26, 2019 deadline, using the attached Claim Form (MVLWB - Claim Form for Water Compensation (Aug 26 2019).docx). And, since the August 15, 2019 deadline for the submission of a Notice of Intent to File a Claim (the first step in the Board's Claim for Water Compensation process) has passed, any Claims filed by those who did not submit a Notice must also attach to their Claim a letter to the Board explaining why the process steps were not followed (i.e., the rationale for not providing a Notice by August 15). Please note that it will be the Board's decision whether or not to accept any Claims filed where the established process was not followed.

For your convenience, I have attached the various information items and forms associated with water compensation previously distributed by the Board. These are:

1. MVLWB - Outline of the Legislative Framework for Water Compensation Claims (June 28, 2019).pdf – Provided as information to the GMRP distribution list in late June to assist parties with their understanding of claims for water compensation.
2. MVLWB - Notification Requirements for a Claim for Water Compensation (June 28, 2019).pdf – Information required by any party who planned to submit a Notification of an Intent to file a Claim for Water Compensation. Note that the deadline for those Notices was August 15, 2019.
3. MVLWB - Outline of General Board Process for Considering Claims for Water Compensation (August 26 2019).pdf – Provided as information to the GMRP distribution list in late August to assist parties with their understanding of the Board's process for considering Claims for Water Compensation.
4. MVLWB - Claim Form for Water Compensation (Aug 26 2019).docx – Provided to the parties who submitted Notices of Intent to File a Claim by the August 15 deadline (and posted to the MVLWB's online Public Registry). This is the form to be used for the September 26, 2019 deadline.

Please note that all information relating to the GMRP proceeding can be found on the Board's online Public Registry at <https://mvlwb.com/registry/MV2007L8-0031> (with items specific to compensation found under the "Compensation" heading).

If you have any questions please let me know.

Kind regards,

Shelagh

Subject: Re: FW: Water Compensation Claim for DIAND - GIANT - MV2007L8-0031

Hi Shannon,

Thank you for getting back to me so quickly.

We are on your email list and did establish a committee at the beginning of the summer to read the emails and maintain watch on anything important. Obviously we missed, or did not understand the opportunity to make claims for compensation for anyone impacted by the closure of the Giant Mine dock. There are some members that would like to submit a late claim for compensation and as the Great Slave Yacht Club, we support, and would like to request an extension on behalf of those members. These are members of our club that have larger boats and would be negatively impacted should the City of Yellowknife fail to provide an alternate boat launch that meets the requirements of their boats.

I will forward the information you have provided to the membership and ask that those who wish to submit a claim, do so and identify themselves as Great Slave Yacht Club members.

Thanks,

Frank Dwyer
Commodore
Great Slave Yacht Club

Hi Frank,

The original date for the filing of an Intent to make a Claim for Water Compensation was May 15. In early May this was extended to August 15 (see attached). Prior to the August 15 date would have been the time to request an extension from Board staff. At this late stage, if you wish to request an extension or the opportunity to file a Claim, please put that request in writing to the Board, with rationale, and your request will be considered.

Further attached is information that has been provided by the Board over the last 2-3 months to help people understand the water compensation claim process for the ongoing Giant Mine Remediation Project (GMRP) proceeding. Notifications of intent to file claims that were received by the Board by the August 15 deadline (as well as other information) can be found on our online registry, under the "Compensation" heading: <https://mvlwb.com/registry/MV2007L8-0031>

If you have not been receiving information related to the GMRP I would suggest you register through our Online Review System (http://lwbors.yk.com/LWB_IMS/LWBLogin.aspx) to get on the distribution list. At the Login page you will notice a highlighted/hyperlinked "register".

Kind regards,
Shannon

Subject: Water Compensation Claim for DIAND - GIANT - MV2007L8-0031

Hi Shannon,

I am writing to ask whether it is still possible to submit a claim form for water compensation, as I missed the deadline for filing the notification of intent to submit a claim while I was away this summer. I am a member of the Great Slave Sailing Club.

Thanks,

James Hodson
