Dear Mr. Rowe:

Updated Spill Contingency Plan
Quarry Operation - NWT Highway #1, km 518

On January 12, 2017, the Mackenzie Valley Land and Water Board (the Board) met and discussed the Spill Contingency Plan as submitted by Rowe's Construction as part of Land Use Permit application MV2016Q0031. The Board determined that the Spill Contingency Plan be approved, upon receipt of updates as specified in the Board's decision letter to Rowe's Construction dated January 12, 2017 and upon written confirmation of conformity by Board staff.

This additional information was received by the Board on February 2, 2017, after which Board staff confirmed concordance. This letter hereby confirms that the changes requested in the January 12, 2017 decision letter have all been addressed, and the Spill contingency plan is therefore considered approved.
