Dear Ms. Mullaney:

Re: Updated Engagement Plan – MV2019C0025, MV2019L2-0011, MV2019L2-0012

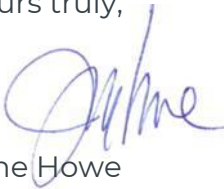

Seabridge Gold is pleased to provide an updated version (ver. 2.2) of our Engagement Plan for posting to the public registry. This version reflects the following administrative changes:

- Annual review and update of stakeholder contact information in Appendix C: List of Affected Parties and their Designated Contacts,
- Update the Revision Table on page i,
- Update the issue date on the cover page, and
- Change the date and version number across the bottom of all pages.

There have been no other changes to the Plan since the previous Engagement Plan (ver. 2.1) was submitted in April 2020.

Should you have any questions, please do not hesitate to contact me.

Yours truly,

Jane Howe
