**Notification of project completion and not to extend permit MV2019X0008**

The Prosperous Lake Territorial Park boat launch and parking lot expansion project was not able to be completed to the original scope.

The integrity of the ground to the North of the parking lot proved to be too swampy to build on within the budget of the project. Buidling out of the existing parking lot to increase capacity was also not feasible.

The project scope was reduced significantly resulting in only the following activities:

- re-decking of the existing dock;
- the addition of a concrete ramp extending from the parking lot which required some excavation and placement of concrete blocking;
- and the addition of a metal walkway connecting to a floating dock section.

We have included final inspection report of the project as well as Figure 1 depicting the final project area used and Figure 2 depicting the originally planned construction area.

The project is considered complete for the purposes of land use permit number MV2019X0008 and an extension of the permit is not required.

If further information or documentation is required, please contact Heidi Kane, Manager, Parks Facilities and Operations at [heidi.kane@gov.nt.ca](mailto:heidi.kane@gov.nt.ca) or at (867) 767-9212 ext 63245.

Sincerely,

Kris Johnson  
Regional Superintendent  
North Slave Region  
Industry, Tourism and Investment

Figure 1 shows the final footprint of the project was 88.4m<sup>2</sup>

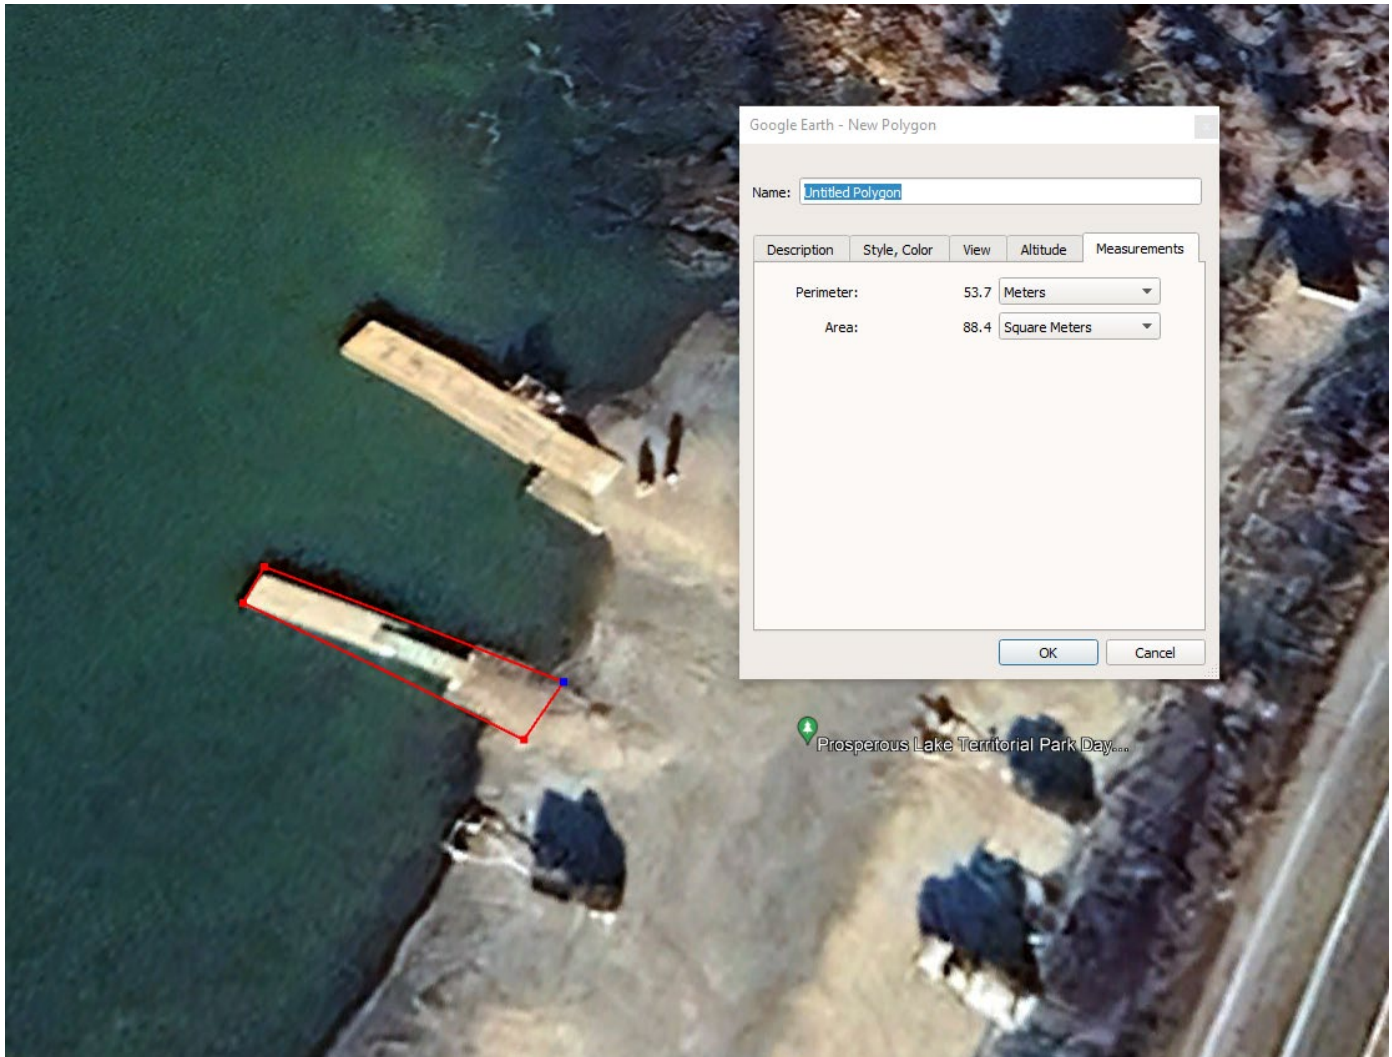

Figure 2 shows original project plan and footprint of approximately 3000m2.
