If you could look into the eyes of generations yet to come, you would be there.

Because immortality lies not in the things you leave behind, but in the people that your life has touched, for good or bad.

By including the Canadian Cancer society in your will, you can have a powerful effect on those who come after you.

You see, cancer can be beaten. The survival rate for cancer patients is already over 50% in Canada.

You'll be leaving behind a legacy of life for others. And that is a beautiful way of living forever yourself.

If you or your lawyer want to know more about the Society and what we do, telephone or write the Canadian Cancer Society.
