**Subject:** RE: Liard West Submissions

Hello Andrew, Andrea and Erica.

We are waiting some clarity from OROGO on a couple of items regarding the future of Liard West. We are expecting clarity in late October. Subsequent to that I would submit the plans for late November.

Projected activities were in our annual reports but for ease of reference see below:

Liard East: Abandonment and Closure activities winter of 2022-2023 in conjunction with CNRL  
Liard West: Monitoring in summer of 2023 (subject to change as per above)  
Celibeta: Closure monitoring summer of 2023.

**Subject:** Liard West Submissions

Hi Terence,

Can you provide an update as to when Paramount anticipates submitting a revised Spill Contingency Plan (SCP) and Erosion and Sedimentation Management Plan (ESMP) for Liard West? The last correspondence related to the SCP is the [Board's decision at issuance](#) to require revisions, while the last correspondence related to the ESMP is a June 2021 email indicating the submission did not conform (attached).

Can you also provide approximate timing of activities for Liard West, East, South, and Celibeta?

Thanks,  
Andy
