Dear sirs/madams

Please find attached a Land Use Application permit and fees.

The purpose of this application is to continue exploration on the Mon Property as defined below. This includes underground exploration to extract mineralization for processing as well as surface exploration and diamond drilling at various locations on the property. This will cover the same operations as currently permitted under MV2015C0015 and MV2015L2-0004.

In summary this application requests:

1. A trailer camp for up to 10 people including a three-stage bioreactor.
2. A dock to be installed on Discovery Lake for service.
3. All mining equipment and support buildings including generators, compressors, fuel farm sumps, waste piles, roads.
4. A <100 tpd processing plant complete with storage and laydown area for supplies and road access to a planned dry stack tailings storage facility.
5. Use of water for drilling, mining, processing and domestic purposes, largely recycled or diverted from the mine discharge, supplemented with fresh water from Discovery Lake.
6. Diamond drilling at yet to be determined locations on the property.
7. Trenching using hand tools at yet to be determined locations on the property.
8. Mapping, sampling, prospecting across the property.

The attached application when including a current water license application is for a new, full and complete permit.

Sincerely  
New Discovery Mines Ltd.,
