RE: Cooperation on the Advancement of the Mackenzie Valley Highway, Letter of Support

This letter is to state Pehdzeh Ki First Nation's support on the 15km MVH extension from Wrigley (Hodgson Creek) to Mount Gadet. PKFN supports the project in conjunction with the MOU between GNWT and PKFN. Let it be known, that our support is for the proposed 15km only, and any further extensions must be negotiated at that time, when further information and construction plans are underway to include the involvement of PKFN within our Traditional Territory.

Pehdzeh Ki First Nation is working with GNWT to provide all necessary training of our members to prepare for the proposed 15km extension, set to begin in the fall of 2020. We look forward to having the successful completion and involvement in working with GNWT.
