Subject: RE: Extension for the Liard South CRP responses

Hi Andrea,

The depth nature and volume of Board and reviewer questions, Paramount as the proponent is being relied upon as the only resource for information (and that information is being doubted and Paramount is being requested to provide the 3rd party verification) despite the public registries of both the MVLWB and OROGO. Additional reasons are internal capacity constraints and no planned activities for the project in the winter of 22-23 season. Thank you for confirming no additional comments will be accepted.

Respectfully,
