RE: Submission of Version 2.1 of the Yellowknife Lithium Project Closure and Reclamation Plan for Conformity Check (MV2022L8-0008, MV2022L8-0009, and MV2022C0021)

Ms. Love,

Please find, attached, Version 2.1 of EREX International Ltd. (EREX)'s Closure and Reclamation Plan (the Plan) for Non-federal Type B Water Licence MV2022L8-0008, Federal Type B Water Licence MV2022L8-0009, and Type A Land Use Permit MV2022C0021 for the Yellowknife Lithium Project. The revisions to the Plan address the Mackenzie Valley Land and Water Board (MVLWB) directives as set out in its Reasons for Decision on the most recent amendments to MV2022C0021, MV2022L8-0008, and MV2022L8-0009.¹

EREX, and its parent company Li-FT Power Ltd., appreciates the collaborative and ongoing dialogue with interested and potentially affected parties, regulatory stakeholders, and MVLWB staff and apologizes for the tardy submission of the Plan for conformity check. Please do not hesitate to reach out to me should you have any questions or require any additional information.

Sincerely,

April Hayward, Ph.D., MBA (Finance)
Chief Sustainability Officer
