Dear Todd Martin,

**Re: Tailings Storage Facility – Operations Maintenance and Surveillance Manual – Version 7.1
– Acknowledged – Cantung Mine Site, NT – Mining and Milling**

The Mackenzie Valley Land and Water Board (Board) met on May 1, 2025, and considered the Tailings Storage Facility – Operations Maintenance and Surveillance Manual (TSF OMS Manual) Version 7.1 (V7.1)¹ submitted by North American Tungsten Corporation Ltd. (NATCL) on April 22, 2024.

The Board has determined that the TSF OMS Manual (V7.1) meets the requirements of Licence MV2023L2-0006 related to this Manual. The Board hereby acknowledges the TSF OMS Manual as submitted.

The Board suggests that NATCL review the Water Management and Mine-Site Erosion and Sediment Protection Plan required by Part G, Condition 3 of Licence MV2023L2-0006 (Licence) and include sediment and erosion control details of the TSF during the next annual review. Any revisions should be submitted to the Board 60 days prior to implementing proposed changes or updates, as per Part B, Condition 6 of the Licence.

¹ See MVLWB Online Registry www.mvlwb.com for [NATCL – TSF OMS Manual V7.1 – Apr22 24](#).

Please direct questions or concerns regarding this letter to Kathy Racher via [email](#).

Yours sincerely,

A handwritten signature in blue ink that reads "Tanya MacIntosh". The signature is written in a cursive style with a long horizontal stroke at the beginning.

Tanya MacIntosh
Chair, Mackenzie Valley Land and Water Board
