

APPENDIX B – CONSULTATION AND ENGAGEMENT LOGS

GNWT Hay River Harbour Dredging Engagement log

PROPONENT ENGAGEMENT LOG

June 2, 2023

List of Affected Parties and Stakeholders:

DKFN	Denínu Kúé First Nation	HFR	Hamlet of Fort Resolution
DFN	Dehcho First Nations	HRMGC	Hay River Métis Government Council
DFO	Fisheries and Oceans Canada	KFNC	Katl'odeeche First Nation
DGGFN	Deh Gah Got'ie First Nation	LKDFN	Łútsél K'é First Nation
ECCC	Environment and Climate Change Canada	MACA	Municipal and Community Affairs
ENR- EA	Environment and Natural Resources- Environmental Assessment	MVLWB	Mackenzie Valley Land and Water Board
ENR-Land	Environment and Natural Resources- Land Department Hay River	NSMA	North Slave Métis Alliance
ENR-Water	Environment and Natural Resources- Water Resources	NTMN	Northwest Territory Métis Nation
FPMC	Fort Providence Métis Council	PWHC	Prince of Wales Northern Heritage Centre
FPRMB	Fort Providence Resource Management Board	TC	Transportation Canada
FRMG	Fort Resolution Métis Government	TCFC	Tu'Cho Fishers Cooperative
GNWT-ITI	Government of Northwest Territories- Industry, Tourism and Investment	THR	Town of Hay River
HFP	Hamlet of Fort Providence	WPFN	West Point First Nation

Date	Affected Parties	Engagement Activity Type	Issues/Recommendations by Affected Party	Proponent Response	Status of issue (resolved or outstanding)	Information materials provided to Affected Party (Y/N)	Written correspondence, meeting notes, minutes (Y/N)
February 16, 2023	MVLWB	Virtual Meetings				N	Y
February 17, 2023	DFO	Virtual meeting	Submit a Request for Review. Emergency Authorization not within 2-week requirement			N	Y
February 13, 2023	TCFC	Message on Facebook. No response				N	N
February 21, 2023	DFO	Virtual Meeting				Y	N
February 22, 2023,	Town of Hay River	Notification Letter/email response	Included in engagement process. Drawing of where the dredging is planned to occur. Want to include some members of council and have a meeting/review			Y	Y
February 22, 2023,	ENR-Water ENR-Lands	Notification Letter/email response	ENR-Water: Request to let them know how DFO respond and to collect and analyze sediment samples. Would like 2 weeks to review the material ahead of submission to the MVLWB.	A Request for Review will be submitted, and the outcome will be shared with ENR. A monitoring plan will be submitted with the Type B Water Licence. Samples have been collected and samples will be collected during dredging.		Y	Y
February 22, 2023	ECCC GNWT-ITI FPRMB	Call- No response	GNWT-ITI, FPRMB, FRMG, KFN, DFN, HFR, WPFN: No response			N	N

Date	Affected Parties	Engagement Activity Type	Issues/Recommendations by Affected Party	Proponent Response	Status of issue (resolved or outstanding)	Information materials provided to Affected Party (Y/N)	Written correspondence, meeting notes, minutes (Y/N)
	FRMG HFR KFN DFN WPFN PWHC		DGGFN: Wrong email. Changed address. PWHC: Confirmed receipt of email notification.				
February 22, 2023	MACA DKFN DGGFN	Letter and follow up	Will review and provide comment in subsequent email.	No response by March 29, 2023.		N	N
February 22, 2023	HRMGC NTMN	Call	HRMGC, NTMN- letter sent to new contact- awaiting response NTMN- Will review and provide comment later	No response by March 29, 2023.		N	N
February 22, 2023	NSMA	Call	No questions or concerns currently.			N	N
February 23, 2023	GNWT-ITI	Email	Will this affect the beach? Will there be an opportunity to do some dredging along the beach area as a lot of the debris from the flood has settled in the swimming area making it a safety issue?	There are two priority areas to be dredged during the summer of 2023 and the reason is for opening the navigation channel for boat passage. The first priority location is at the mouth of the river, where the Hay River meets Great Slave Lake. The second priority is within the river fingers closer to town, where the Coast Guard and barges can be moored. Both areas have accumulated a lot of sediment that need to be removed to mitigate the possibility of boats getting stuck. For 2023, the only priority for the GNWT-INF dredging will be opening the navigation channel. I am not sure if it is planned with other governments, and I am not sure if the beach cleanup is within GNWT-INF's area to support. In the past the dredging was conducted by the Federal Government; however, the GNWT-INF has taken this project on to try to expedite the process and mitigate the risk of boats not being able to move through the channel.		Y	Y
February 23, 2023	GNWT-ENR	Email	ENR would like to be kept informed, and potentially arrange for a meeting with Associated. ENR would also like two weeks to review the material ahead of submission to the MVLWB.	Please provide your availability this week and early next week, and I will arrange a meeting to discuss the project and your request to receive the material two weeks ahead of the submission to MVLWB.		Y	Y
February 23, 2023	THR - SOA	Call	THR have few projects coming up that will require fill THR have been solicited by a company that does ice breaking and dredging on the Asiniboine and the Red River. He's interested in GNWT feedback on it, as THR isn't appropriate to deal with dredging. Will provide documents to INF. THR had general inquiries but no concern. INF gave a brief overview. THR had general inquiries but no concern.	INF will advise Westmar to contact Glenn directly re potential end use, depending on the Geotech of the sediment. INF to review documents. Provide contact names for Westmar	Complete	Y	N
February 23, 2023	FPRMB HFR FPM FPRMB	Call	Letters sent. No answer/response.			Y	N

Date	Affected Parties	Engagement Activity Type	Issues/Recommendations by Affected Party	Proponent Response	Status of issue (resolved or outstanding)	Information materials provided to Affected Party (Y/N)	Written correspondence, meeting notes, minutes (Y/N)
February 24-25, 2023	KFN	Call /Emails	Wants to be fully informed on regulatory process. - attention to potential impacts on traditional fishery involved just above the mouth of the river.	Offered to meet with KFN to discuss the project prior to submitting applications to help us gain information on potential impacts on traditional fishery. Also, having a public engagement in Hay River. Meeting schedule March 17 2023	Dredging schedule and potential impacts to whitefish and fishers nets schedule	Y	Y
February 25, 2023,	WPFN	Email	Would like to set up a meeting.	Replied with offer to set up meeting, when works best for them.	No response or request for meeting to be scheduled.	N	N
March 6, 2023	DGGFN	Email	The Deh Gah Got'ie First Nation's only interest on this matter is to support the West Point First Nation and Katlodechee First Nation on any of their concerns or suggestions.	No action required.		N	N
March 6, 2023	THR	Virtual meeting	INF provided a presentation to Town Council for information sharing purposes. It included a project overview, highlighting the issue, the project design elements, process, limitations, and upcoming key dates. No questions received, just comments re general support for the project and concern for their economy and the communities downstream if dredging doesn't proceed. They recognize the outstanding regulatory and scheduling risk and are 'cautiously optimistic'.	INF offered to return with an update as the project progresses. No fixed timeline or milestone.		Y	N
March 14, 2023	Rowes	Email	Concerned about abilities to conduct work in summer. Suggests working in winter.	Agreed, summer window was recommended by DFO, and we could not meet regulatory requirements for 2023 winter dredging. Looking at dredging in the winter moving forward past this program. Also, if we cannot do work in summer, winter 2024 dredging would be an option.	Resolved	Y - Factsheets emailed to client	N
March 17, 2023	KFN	Virtual Meeting	Traditional fishery concern. Whitefish spawning potential within time frame. At the end of August fishers start putting out nets. Want allowable dredging window to end August not September. Earliest the KFN will be able to meet is April. Economic engagement should have been done with KFN. Want first opportunity for trucking movement of materials, equipment. Priority access to the dredged material. Understands the emergency requirement and is willing to support the process; however, there is an expectation that KFN will have priority. Has concerns about the stockpiles on Vale Island and potential contamination. There is a cemetery in the old village and is also concerned about bank erosion.	Scheduled additional meeting with KFN and DFO to discuss these concerns. Provide project logistics details, sediment sampling historical, recent and during project activities. Further meetings and discussions with KFN.	Unresolved, ongoing consultation.	Y	Y
March 29, 2023	HRMGC & NWTMN	Virtual Meeting	Concerns about residential neighbors, their concerns, potential contaminated soil on residential land and near homes. Vale Island has issues with saturated soil and high-water tables, may interfere with our dewatering plans. HRMGC has qualified environmental staff for sampling, would like opportunity for monitoring.	Will take into consideration during lot review, and once lots have been verified. Preliminary samples meet Parkland and residential so also less risk. Bring to consultants' attention. GNWT to ensure HRMGC gets EOI, also will provide more information on those roles once internal decisions have been made about the work plan.	Resolved	Y	Y

Date	Affected Parties	Engagement Activity Type	Issues/Recommendations by Affected Party	Proponent Response	Status of issue (resolved or outstanding)	Information materials provided to Affected Party (Y/N)	Written correspondence, meeting notes, minutes (Y/N)
April 03, 2023	KFN	Virtual Meeting	Concerns about dredging interfering with nets deployed at the end of August and dredging causing turbidity that may impact fish. Two properties that KFN is pursuing are directly east and adjacent to the proposed stockpile properties and contamination is a concern. KFN wants access to monitoring data and the opportunity to access soils if not contaminated. To carry on discussions about potential economic opportunities.	Will request earlier project start date on the water licence application, however, it is unlikely that the licence will be issued in time. Can sequence dredging activities to expedite Area A and the area around Island C in Area B to mitigate potential impacts to fishing nets in late August. Soils will be stockpiled in grids and geo-referenced to their dredged location. If contamination found, soils will be removed to a treatment facility. It is not the intent to store long term at any of the properties. The GNWT will look into how to provide monitoring data. Consultation is ongoing with additional meeting to be scheduled in April.	Ongoing consultation	Y	Y
April 12, 2023	KFN	Email	Follow-up related to EOI	No reply		N	Y
April 13, 2023	LKDFN	Phone call Notification Letter/email response	Call to confirm contact information and notification letter sent by email.	Receptionist asked that she be cc'd and confirmed the name and email of SAO.		Y	Y
April 20, 2023	LKDFN	Call	Left a voicemail with SAO to confirm receipt of the notification letter and to request and questions or to meet to discuss the project.	No reply		N	N
April 24, 2023	LKDFN	Call	Left a voicemail with SAO to confirm receipt of the notification letter and to request and questions or to meet to discuss the project. Called reception to confirm receipt. Was advised that SAO his no longer Andre Larabie. Lucy Sanderson is acting SAO and she will return my call.	Confirmed email receipt with receptionist (cc'd) no reply from SAO.		N	N
April 26, 2023	LKDFN	Call	Left a voicemail with acting SAO to confirm receipt of the notification letter and to request and questions or to meet to discuss the project.	No reply		N	N
May 05, 2023	HRMGC & NWTMN	Virtual Meeting	Concerns about potential impacts from dredging Vale Island has issues with saturated soil and high-water tables, may interfere with dewatering plans. HRMGC has qualified environmental staff for sampling, would like opportunity for monitoring. Want to review information and will respond at later date	No actions at this time.	Resolved	N	Y
May 05, 2023	KFN	Email	Email to request information about capacity and equipment available to support project. Requesting whether the KFN had question about the EOI.	No reply		N	Y
May 12, 2023	KFN	Email	Follow-up related to EOI	KFN to follow-up with CEO	Ongoing	N	Y

Date	Affected Parties	Engagement Activity Type	Issues/Recommendations by Affected Party	Proponent Response	Status of issue (resolved or outstanding)	Information materials provided to Affected Party (Y/N)	Written correspondence, meeting notes, minutes (Y/N)
May 16, 2023	LKDFN	Notification Letter/email follow-up	Email to confirm contact information and notification letter sent by email.	No reply		Y	Y

Notes:

On February 22, 2023: ENR-Water in email noted the sediment that is collected from the dredging will need to be analyzed prior to use/disposal. The board likely will reference MTS's current water licence for those parameters but that will be determined under the water licence.

Consultation Tracking Summary/Log - Aboriginal Rights Analysis

Pehdzeh Ki First Nation	23-03-2023	Email sent	Emailed to confirm receipt of the previous two letters and to reach out if they have any concerns or questions.
Fort Resolution Métis Council	23-03-2023	Email received	President Arthur Beck replied and stated that they support the project.
Hay River Métis Government Council	24-03-2023	Email received	President Trevor Beck replied and suggested a meeting date.
Deh Gah Got'ie First Nation	24-03-2023	Phone call	Called but no answer. Left a voicemail.
Dehcho First Nations	24-03-2023	Phone call	Spoke with Alison de Pelham and they said that they have no comment on the Hay River Harbour Restoration and they defer to the local Indigenous Governments.
Fort Providence Métis Council	24-03-2023	Phone call	Called but no answer. Busy tone.
Jean Marie River First Nation	24-03-2023	Phone call	Called but no response. Left a voicemail message.
Pehdzeh Ki First Nation	24-03-2023	Phone call	Sharon their land manager is out until Monday. Try back then.
West Point First Nation	24-03-2023	Phone call	Spoke with reception and they suggested I forward the letters to them so they can add it to the Chief and Councils agenda for their next meeting on March 27, 2023.
West Point First Nation	24-03-2023	Email sent	Forwarded the email and letter packages to to reception so the project can be discussed at the next meeting.
Dehcho First Nations	24-03-2023	Phone call	Emma called to confirm I had been able to get in touch with Alison.
Sambaa K'e Dene Band	24-03-2023	Phone call	Ruby is out of office till Monday, try again then.
Łíídlı́ Kúę́ First Nation	24-03-2023	Phone call	Called but no response. Left a voicemail message.

IGO	Date Received	Type of Interaction	Comment
<i>Name of IGO individual you are communicating with (Select from drop-down list based on Notification List)</i> <i>Note: Only IGOs selected in the Notification List will be available for selection in the drop-down. You may have to scroll up in the drop-down list to see the IGOs.</i>	<i>Date of received or of interaction (DD-MM-YYYY)</i>	<i>Type of Activity / Interaction Select from drop down list</i>	<i>Describe interaction Attempts that were not successful, whether a response was received or not, etc.</i>
Ka'agee Tu First Nation	24-03-2023	Phone call	Spoke with Chief Chicot, he confirmed that the letters were received and have been reviewed. So far no comments or concerns. If they do have comments or concerns he will reach out to INF to discuss.
Fort Providence Métis Council	27-03-2023	Phone call	Called to ask if letters were received. Pearl advised that she would get back to me tomorrow Mar 28.
Deh Gah Got'ie First Nation	27-03-2023	Phone call	Called but no response. Left a message.
Jean Marie River First Nation	27-03-2023	Phone call	Called and spoke to Chief Hardisty. They received the letters and have no concerns or comments.
łíídlı Kúęé First Nation	27-03-2023	Phone call	Called but no resposne, left message with Chief Antoine.
Sambaa K'e Dene Band	27-03-2023	Phone call	Spoke with Ruby and they have no concerns because of the distance of the project.
Pehdzeh Ki First Nation	27-03-2023	Phone call	Spoke with reception, they advised to try calling back tomorrow Mar 28.
Fort Providence Métis Council	28-03-2023	Phone call	Spoke with Pearl, she advised that the letters had been received and had been distributed for review to the directors. She said that there likely wont be any concerns because of the distance of the project and as long as INF follows all the regulatory guidance and rules, but would get back to INF if anything came up. INF advised that we will be apying for water licences ideally this week, as a heads up, but to feel free to reach out at any point.
Pehdzeh Ki First Nation	28-03-2023	Phone call	Spoke to reception and they will check if Chief Moses and the Band Manager, Darcy, received the letters and ask them to get back to INF.
