**Subject:** RE: Water License MV2023L8-0005 - Notification of Commencing Operations (Inspector Approval to Commence Dredging Operations)  
**Importance:** High

Good morning,

Thank you for providing the maps of the SNP locations with coordinates. This satisfies licence requirement Part F - Condition 9.

Thank you for the notification that turbidity data is being collected at the five monitoring locations in dredging Area A.

I hereby authorize that dredging operations may commence on **August 1, 2023** and note that all licence requirements for pre-dredging have been met.

If you have any questions or concerns with regard to the licence and associated operational activities, please don't hesitate to contact me.

Regards,

Wendy

**Subject:** Re: Water License MV2023L8-0005 - Notification of Commencing Operations

Hello Wendy,

See attached pdf for SNP locations associated with the Hay River Emergency Dredging Project 2023 to satisfy the requirement outlined in Part F - Waste and Water Management - Condition 9 of the Water Licence.

We've begun collecting turbidity data at the five monitoring locations for Area A at 30-minute increments starting July 27.

Please confirm dredging can commence on August 1 in Area A and that all requirements of the Water Licence have been met.

Regards,

**GENERAL NOTES**  
 1. ALL MEASUREMENTS IN METRES UNLESS OTHERWISE NOTED  
 2. COORDINATE SYSTEM IS NAD83(CSRS) / UTM zone 11N
