Subject: RE: MV2023X0024 - SLR Consulting (Canada) Ltd. - Land Use Permit Application

Hi Andrea and Fatima,

The work for the two permit applications submitted by SLR for PSPC has been deferred to next year open water season, once the Liard ferry becomes operational in 2024.

1. (MV2023X0024 – Andrea Phase II DFO ESA and
2. [MV2023H0024](#) Fatima Fort Simpson Fuel Oil tank Spills)

I would like to request a 1.5 month extension to finalize these permits (incomplete permit status) as the work is for next year and the holidays are coming up. This would translate to a complete application deadline of Feb 1, 2024.

Also would it be possible to get some assistance on who I would consult for the engagement logs in Fort Simpson.

Your time and consideration is greatly appreciated

Shaun

Subject: RE: MV2023X0024 - SLR Consulting (Canada) Ltd. - Land Use Permit Application

Good morning Shaun,

Thank you for your email.

You have 90 days to complete your application from the date we sent you the incomplete letter. If you require additional time, please send a formal letter requesting an extension for submission and your reasoning behind it.

Feel free to reach out if you have any questions,

Thank you

Andrea

Subject: RE: MV2023H0024 - SLR Consulting (Canada) Ltd. - Land Use Permit Application

Hi Fatima,

I am working on the updates and due to workload may not meet the requirements for response to keep the permit application open. Can I get an extension in time to complete this or will we need to re-apply.

Shaun
