Hi Jackie,

I think reaching out to one of the Board's contacts is your best bet at this point. They will know what to do.

Thank you Jennifer,

I just checked as well and have revised them, should I add that into the application as a revision at this point?

You don't often get email from jennifer_teed@gov.nt.ca. [Learn why this is important](#)

Good afternoon Jackie,

In my review of the [LUP Application for the Taylor Road ESA \(MV2023X0031\)](#), I noted that the coordinates provided in section 4 of the application do not match the project location. I am just reaching out to make you aware of this in case it affects the LUP issuance or anything else on your end.
