RE: Acceptance of Waste Materials from NWT Highway 3&4 Maintenance Activities

The City of Yellowknife approves the request to utilize the City's Solid Waste Facility for the NWT Highway 3&4 operations and maintenance activities. Details regarding the waste types and receiving location are listed below.

Solid Waste Facility

- Domestic Waste (food wrappings, food waste) – approximately 1000 kg/year

This waste will be subject to the Commercial Waste from Outside of City Limits tipping fee as outlined in the [Fees and Charges By-Law 4436](#)

The City reserves the right to refuse waste from the project in question, at its sole discretion, at any time.

This agreement is valid until December 31, 2029.

Please feel free to contact the Solid Waste Facility if you have any further questions or concerns.

Sincerely,

Chris Vaughn
Manager, Sustainability and Solid Waste
Public Works and Engineering
