Re: MV2023L8-0002, MV2023L8-0003, PC2023L8-0002 –Applicant’s Response to Interventions and Hearing Cancellation Consent – All Season Road, Prairie Creek, NT

The deadline for Interventions in the above noted Type A Water Licencing proceeding(s) was October 27, 2023 as per the Draft Work Plan Version 2 dated October 3, 2023. It is Canadian Zinc’s (CZN) understanding that no interventions were received¹ thus no response to Interventions is necessary.

Additionally, please accept this letter as Canadian Zinc’s written consent to dispense of the matter without holding a public hearing.

If you have any further questions, please feel free to contact me at lynn.boettger@norzinc.com.

Sincerely,

Lynn Boettger
Permitting Manager

¹ CZN acknowledges there was a letter dated October 27, 2023 ([CZN - ASR - Type A Licence Applications - GNWT Letter Re Interventions - Oct 27 23.pdf \(mvlwb.ca\)](#)) received from the Government of the Northwest Territories Department of Environment and Climate Change however this letter indicated that a written Intervention will not be submitted.
