Dear Terence Hughes,

Request for additional time to respond to comments and submit information requested Granted for Land Use Permit S22A-002 Application for abandonment of I-78 East Mackay near Tulita, NT.

The Sahtu Land and Water Board (the Board) met on December 7, 2022 to consider your request(s) made on November 10 and 28, 2023 for an extension until February 15, 2023, to submit responses to reviewer comments and recommendations and provide the additional information requested during the regulatory review process for Land Use Permit (Permit) S22A-002 Application, and associated Water Licence (Licence) S22L1-002 Application.

The Board is required to make a decision on the Type A Permit Application S22A-002 by the end of the legislated 42-day period which was December 7, 2022. The Board has considered the Applicant's reasons for the request and determined that the additional time requested is reasonable. The Board approves the request for additional time by invoking paragraph 22(2)(b) of the Mackenzie Valley Land Use Regulations with the new deadline for responses due February 15, 2023.

Yours Sincerely,

Tanya MacIntosh
