Good Morning,

Thank you for the clarification on process Marie. MGM would also take this time to request the extension until February 15, 2023 to respond.

Thanks,

Terence

Subject: MGM I-78 East Mackay abandonment project - response extension

Hello Terence,

Re: Request for response extension to January 6, 2023

The Board has extended the due date for proponent response to reviewer submissions to December 7, 2022 for the I-78 East Mackay abandonment Applications review process. The extension can only be granted to this date when the 42-day timeline is up for the Permit and requires a Board decision. Your request for response extension will be presented to the Board on December 7 with a recommendation for a 22.2b decision to allow the additional time for you to respond to comments.

If MGM feels that more time past January 6, 2023 may be required for response, please let SLWB know as soon as possible.

Regards,
Marie

Good Afternoon,

MGM Energy is no longer contemplating undertaking activities this winter. Given the length and depth of the reviewer comments MGM Energy requests an extension for the response date until January 6th, 2023. Your consideration of this request is appreciated.
